SUMMARY OF INFORMATION

The targeted vessel is currently cruising in the Pacific ocean with military men (soldiers). It will unite with other perpetrators in the future, who will deliver test equipment (like fire arms) munitions aboard the targeted vessel (cubes). In the belly of the original vessel, there is a circular cabin area. The livelihood (coming cargo) will be placed in the underside walls. White Washington river is a conceptual name for location. The square areas (arrows) on top of the ship include bending lights which glow. The name of the vessel is Marie Vulcan phonetically. It is artist like, single, subtle and soft. Location attempts include Cuba and honduras.
